

Sound Scouts™

Hear for your future.

Choosing the Right Headphones

Choosing the right headphones and using them in the correct way is an important part of ensuring a reliable result when screening with Sound Scouts.

Use good quality adult headphones.

Do not use gaming or surround sound headphones.

Do not use a splitter as this can reduce the sound levels heard by the person being tested.

In the interests of hygiene do not use earbuds when screening in schools.

We recommend Sennheiser HD 300s (over ear headphones) for screening and offer these at a discount to schools using Sound Scouts.

Sennheiser HD 300- \$90 plus postage
